Please give us peace and respect so we can spread joy to everyone.

Help us to find the smiles and joy in each other, and show us how to find strength and kindness to get the correct energy to just be you.

Help us to learn facts and opinions, and show us that we are allowed to make mistakes, And how we use mistakes to help us grow and be smart and strong to have wisdom.

Allow me to be brave enough to try new things, even the smallest of things in everyday life. May I learn to have the courage to discover new skills and find new friends.
